學測英文作文高分寫作手冊

Oct 11, 2026 · @Gina Li

使用說明

學測英文作文滿分 20 分，從五個面向評分：內容（5 分）、組織（5 分）、文法句構（4 分）、字彙拼字（4 分）、體例（2 分）。高階句型主要拉高「文法句構」，承轉詞拉高「組織」，但內容與組織合計佔一半分數，句型是加分項，不是主角。

- **第一部分：高分句型**。12 種句型，每種附公式、例句、使用時機，和 2 題中翻英練習。解答集中在文末。
- **第二部分：承轉詞總表**。依功能分類，附例句與常見錯誤。
- **第三部分：高分文章的其他特色**。從結構、內容、用字、體例四個角度整理。

使用原則：一段放 2–3 個高階句型就夠，寫錯的高階句比寫對的簡單句更扣分。

一、高分句型與句構

以下 12 種句型依「使用頻率」排列，前 6 種最容易自然融入學測作文。練習題共 24 題，解答見文末。

1. 分詞構句

公式： V-ing / p.p. …, S + V（兩個子句主詞相同時，省略連接詞與主詞）

例句： *Powered by artificial intelligence, the new translation app can interpret more than 100 languages in real time.*

說明：原句為 Because it is powered by AI, the app can…。兩個子句主詞都是 the app，可省略 because it is；被動關係用 p.p.，主動關係用 V-ing（*Facing rising temperatures, many cities are planting more trees.*）。主詞必須一致，否則會變成「懸垂分詞」錯誤。

練習：

1. 面對不斷上漲的房價，許多年輕人選擇與父母同住。
2. 由於及早被診斷出來，這位病人在三個月內完全康復。

2. 關代省略與分詞片語修飾

公式： N + (that / which + be) + V-ing / p.p.；N + (that) + S + V

例句： *The vaccine developed by the research team has proved effective against several new variants.*

說明：developed 前省略了 that was。關代加 be 動詞時，兩者可一起省略，留下分詞片語；關代在子句中當受詞時也可省略（*The apps teenagers use most are designed to keep them scrolling.*）。

練習：

3. 政府上週公布的新政策引發了廣泛討論。
4. 埋在冰層下數千年的古老病毒，可能因全球暖化而重新出現。

3. 名詞子句

公式： What + S + V + is…；How / Whether + S + V + V…；The fact that…

例句： *What surprised scientists most was that the new drug also slowed memory loss.*

說明：What surprised scientists most 整個子句當主詞，that 子句當補語。名詞子句讀起來客觀、有論述感，適合寫研究發現、圖表解讀與結論句。

練習：

5. 研究人員發現的是，每天走路三十分鐘能顯著降低心臟病風險。
6. 人工智慧是否會取代人類的工作，仍是個具爭議的問題。

4. 否定副詞倒裝

公式： Never / Seldom / Not until… / Only + 副詞 + 助動詞 + S + V

例句： *Never before has the world seen such rapid progress in renewable energy.*

說明：否定或限定副詞（never before、seldom、hardly、not until、only）移到句首後，主要子句要用「助動詞 + 主詞」倒裝。Not until 後面的子句不倒裝，倒裝的是主要子句（*Not until the pandemic hit did many companies allow remote work.*）。

練習：

7. 直到疫情爆發，人們才了解公共衛生的重要性。
8. 人們很少意識到，塑膠微粒已經進入我們的食物鏈。

5. Not only… but also 倒裝

公式： Not only + 助動詞 + S + V, but S + also + V

例句： *Not only does social media spread news quickly, but it also amplifies rumors.*

說明：Not only 放句首時前半句要倒裝，but 後半句不倒裝。適合用在列舉一項新科技或政策的兩個好處、兩個影響。

練習：

9. 電動車不僅減少空氣汙染，也降低了長期的交通成本。

10. 那場地震不僅摧毀了數千棟房屋，也重創了當地的觀光業。

6. 補語倒裝

公式： Adj. 比較級 / 最高級 + be + S

例句： *Even more striking is the fact that the robot learned the task in just ten minutes.*

說明：原句為 The fact that the robot learned the task in just ten minutes is even more striking.。主詞太長時，把補語移到句首可以強調重點，也避免頭重腳輕。很適合用在轉折或帶出關鍵發現。

練習：

11. 更令人擔憂的是，詐騙集團開始利用 AI 模仿親人的聲音。
12. 這項研究最令人驚訝的是一個發現：睡眠不足對青少年的影響比對成人更大。

7. as / though 讓步倒裝

公式： Adj. / Adv. / 無冠詞 N + as / though + S + V, S + V

例句： *Convenient as online shopping is, it produces huge amounts of packaging waste.*

說明：等於 Although online shopping is convenient, …。形容詞移到 as 前面，語氣更文雅，很適合「先肯定優點、再指出問題」的議論。常見錯誤是寫成 As online shopping is convenient，意思會變成「因為」。

練習：

13. 雖然這項技術很先進，它的成本仍然太高，難以普及。
14. 雖然少子化問題很嚴重，政府的對策卻成效有限。

8. 強調句 It is… that…

公式： It is / was + 被強調的部分 + that + 其餘句子

例句： *It was the discovery of penicillin that marked the beginning of modern antibiotics.*

說明：把 It was 和 that 拿掉，句子仍然完整，就是正確的強調句。可強調主詞、時間、地點、原因，常搭配 not until（*It was not until 2020 that video meetings became part of daily life.*）。

練習：

15. 正是社群媒體讓這場環保運動迅速擴散到全球。
16. 直到最近幾年，科學家才開始了解腸道細菌對情緒的影響。

9. with 獨立構句

公式： With + O + V-ing / p.p. / adj. / 介系詞片語, S + V

例句： *With global temperatures rising year after year, extreme weather events have become more frequent.*

說明：用來表示原因或伴隨狀況。受詞主動用 V-ing（temperatures rising），被動用 p.p.（*With the new law passed, plastic straws are no longer allowed.*）。適合作文開頭帶出社會趨勢。

練習：

17. 隨著人口快速老化，台灣對長照人力的需求日益增加。
18. 由於越來越多工作被自動化取代，終身學習變得比以往更重要。

10. The + 比較級…, the + 比較級…

公式： The + 比較級 + S + V, the + 比較級 + S + V

例句： *The more data an AI system is trained on, the more accurate its predictions become.*

說明：表示「越……就越……」。比較級（連同它修飾的名詞）要放在子句最前面，不能寫成 The more an AI system is trained on data。

練習：

19. 人們越依賴導航應用程式，空間記憶就越弱。
20. 城市的綠地越多，居民的心理健康就越好。

11. 假設語氣（含 Had 倒裝）

公式： If + S + had + p.p., S + would have + p.p. ＝ Had + S + p.p., S + would have + p.p.；Without + N, S + could not have + p.p.

例句： *Had the warning system been installed earlier, many lives could have been saved.*

說明：與過去事實相反（等於 If the warning system had been installed earlier, …）。省略 if 後把 had 移到句首，是寫「教訓、反思」時最加分的句型。混合假設（過去條件、現在結果）主句用 would + V。

練習：

21. 如果當初政府及早採取行動，這場疫情就不會擴散得這麼快。（用 Had 倒裝）
22. 如果沒有疫苗，數百萬人可能已經喪命。

12. so / such… that 及 So + adj. 倒裝

公式： so + adj. + that…；such + a / an + adj. + N + that…；So + adj. + be + S + that…

例句： *So rapid has the development of generative AI been that lawmakers are struggling to keep up.*

說明：原句為 The development of generative AI has been so rapid that…。So + adj. 移到句首時要倒裝，強調程度之大。so 接形容詞，such 接名詞（*It was such a powerful storm that flights were canceled.*）。

練習：

23. 這場颱風如此強烈，全台各地都停班停課。（用 So 倒裝）
24. 這是一項如此突破性的發現，可能改變癌症治療的方式。

二、承轉詞總表

承轉詞分成「副詞（前後用句號或分號隔開）」和「連接詞（可直接連接兩個子句）」，學生最常犯的錯是用逗號把副詞接在兩個子句中間。

功能	高分用字	例句	注意事項
附加、遞進	Furthermore / Moreover / In addition / What is more	*Moreover, remote work has reduced traffic congestion in major cities.*	取代 And、Also 開頭；後接逗號
對比	In contrast / On the other hand / Whereas / While	*Whereas older generations relied on newspapers, young people get news from social media.*	whereas / while 是連接詞，後接子句；in contrast 是副詞
轉折	However / Nevertheless / Nonetheless	*The new drug is promising. However, its long-term side effects remain unknown.*	副詞不能用逗號連接兩個子句：…, however, … 是錯誤，要用句號或分號
讓步	Although / Even though / Despite / In spite of	*Despite rising awareness, plastic waste in the ocean continues to grow.*	although + 子句；despite + 名詞或 V-ing
因果（原因）	Since / As / Given that / Owing to	*Given that the population is aging, the demand for caregivers will keep rising.*	owing to / due to 後接名詞，不接子句

功能	高分用字	例句	注意事項
因果（結果）	As a result / Consequently / Therefore / Hence	*Heat waves have become more frequent. As a result, electricity demand has hit record highs.*	so 太口語，句首可改用 as a result
舉例	For example / For instance / Take… for example / such as	*Take self-driving cars for example; they could cut traffic accidents dramatically.*	such as 後接名詞，不接完整句子；不與 etc. 並用
強調	In fact / Indeed / Above all / Most importantly	*In fact, some AI tools can now detect cancer earlier than doctors.*	in fact 用來補充更有力的證據
類似	Similarly / Likewise / In the same way	*Japan faces a shrinking workforce. Likewise, Taiwan must deal with a low birth rate.*	用來連結兩個相似的現象或案例
順序	First of all / To begin with / Then / Finally	*To begin with, governments should invest in renewable energy.*	學測只有兩段，First / Second 不宜過度使用
引述資料	According to / As shown in / Studies have shown that	*According to a recent survey, nearly half of teenagers feel addicted to their phones.*	圖表題勿寫 In this chart, it shows…（主詞重複）
個人觀點	From my perspective / As far as I am concerned / Personally	*As far as I am concerned, banning smartphones in schools is not the answer.*	少用 I think，這些片語讀起來較成熟
總結	All in all / In conclusion / In short / On the whole	*All in all, technology is a tool whose value depends on how we use it.*	in conclusion 較生硬，all in all 較自然

三、高分文章的其他特色

高分作文的共同點是「切題、具體、前後一致」，句型與用字只是讓這些內容讀起來更成熟。

結構

- **主題句開場**：每段第一句就點出該段重點，讀者看第一句就知道這段要說什麼。

- **兩段各司其職**：題目要求第一段寫什麼、第二段寫什麼，就嚴格依照分段；每個子題都要回答到。
- **前後呼應**：結尾回扣開頭或題目，結論不可與前文的判斷矛盾。
- **篇幅適中**：約 120–180 字，兩段長度大致平衡。太短內容不足，太長容易出錯。

內容

- **具體細節勝過空泛形容**：寫「每天早上六點上學前背 20 個單字」，不寫「I study very hard」。
- **有解讀，不只描述**：圖表題要說明數據代表的意義、可能的原因或影響；敘事題要寫出感受與體悟。
- **觀點平衡**：提出看法時承認另一面，例如 *Admittedly, staying up late may harm our health; however, …*，顯示思考成熟。
- **個人經驗要真實自然**：一個清楚的例子，比三個草草帶過的例子更有說服力。

用字

- **精準動詞取代通用動詞**：get → acquire / obtain；make → create / foster；think → believe / realize。
- **避免過度口語**：不用 a lot of、lots of、kids、stuff、gonna，改用 a great deal of、numerous、children、things。
- **同義替換、不重複用字**：同一段內 important 出現三次，可改用 crucial、essential、vital。
- **恰當的搭配詞**：make progress、face a challenge、play a vital role in、have a profound impact on。
- **形容詞要有層次**：very good → remarkable；very bad → devastating；very tired → exhausted。

體例

- **段落開頭空格**，且只寫兩段。
- **標點正確**：不用逗號連接兩個完整句子（comma splice）；列舉三項以上用 A, B, and C。
- **字跡清楚、塊改整齊**：大量塊改會影響閱卷印象。
- **數字書寫一致**：句首不用阿拉伯數字；圖表數據可用數字，但前後格式一致。
- **縮寫少用**：I'm、isn't、don't 改為 I am、is not、do not，語氣較正式。

四、中翻英練習解答

以下為參考答案，只要句型正確、語意完整，用字可以不同。

題號	句型	參考答案
1	分詞構句	Facing soaring housing prices, many young people choose to live with their parents.
2	分詞構句	Diagnosed early, the patient made a full recovery within three months.
3	關代省略	The new policy the government announced last week has sparked widespread discussion.
4	關代省略	Ancient viruses buried under the ice for thousands of years may re-emerge because of global warming.
5	名詞子句	What the researchers found is that walking for thirty minutes a day significantly lowers the risk of heart disease.
6	名詞子句	Whether artificial intelligence will replace human jobs remains a controversial question.
7	否定副詞倒裝	Not until the pandemic broke out did people realize the importance of public health.
8	否定副詞倒裝	Seldom do people realize that microplastics have already entered our food chain.
9	Not only 倒裝	Not only do electric vehicles reduce air pollution, but they also lower long-term transportation costs.
10	Not only 倒裝	Not only did the earthquake destroy thousands of homes, but it also dealt a heavy blow to the local tourism industry.
11	補語倒裝	Even more worrying is that scam rings have begun using AI to imitate the voices of family members.
12	補語倒裝	Most surprising in this study is the finding that lack of sleep affects teenagers more than adults.
13	讓步倒裝	Advanced as the technology is, it remains too expensive to be widely adopted.
14	讓步倒裝	Serious as the declining birth rate is, the government's measures have had limited effect.
15	強調句	It was social media that helped the environmental movement spread rapidly around the world.

題號	句型	參考答案
16	強調句	It was not until recent years that scientists began to understand how gut bacteria affect our mood.
17	with 構句	With the population aging rapidly, Taiwan's demand for long-term care workers is growing day by day.
18	with 構句	With more and more jobs being replaced by automation, lifelong learning has become more important than ever.
19	The more… the more	The more people rely on navigation apps, the weaker their spatial memory becomes.
20	The more… the more	The more green space a city has, the better its residents' mental health is.
21	假設語氣	Had the government taken action earlier, the epidemic would not have spread so quickly.
22	假設語氣	Without vaccines, millions of people might have lost their lives.
23	So 倒裝	So powerful was the typhoon that work and classes were suspended across Taiwan.
24	such… that	It is such a groundbreaking discovery that it may change the way cancer is treated.
