Breaking Down GSAT Long Sentences

學測英文長句拆解特訓

分詞構句、複合長句與延伸文法句構・社群媒體與數位健康 主題・50 題精選

適用範圍｜CEFR B1–B2，學測英文文法句構加強

結構安排｜Part I 分詞構句暖身 8 題・Part II 分詞構句複合長句 22 題・Part III 延伸文法句構 20 題

使用建議｜先做 Part I、II 熟悉分詞構句，再用 Part III 複習關係子句、假設語氣、倒裝句等其他常考句構

Gina教室的AI奇蹟

Grammar Focus

常考文法句構觀念總整理

① 分詞構句（化簡副詞子句）

從 When / Because / As / If + S + be 動詞的副詞子句省略主詞與 be 動詞後簡化而成。判斷依據是「剩下的動作和主詞是主動還是被動關係」：主動用 **V-ing**、被動用 **p.p.**（省略 being／having been）、表目的用 **To V**、若只剩形容詞則直接用 **Adj.**。

例：Because they are exposed to social media daily → *Exposed to social media daily*, teenagers…

② 分詞當形容詞，後位修飾名詞

分詞片語直接放在名詞後面，等於化簡的形容詞子句。先問「這個名詞和動作是主動還是被動關係」：名詞是動作發出者用 **N + V-ing**；名詞是動作承受者用 **N + p.p.**。

例：students who use apps excessively → students *using* apps excessively／apps which are designed for teens → apps *designed* for teens

③ 伴隨結果分詞片語（, V-ing）

逗號後接 making／leaving／causing／helping 等分詞，用來補充說明前面「整句話」造成的結果或伴隨狀態。邏輯主詞不是最靠近的名詞，而是前面一整句話，因此固定用主動的 **V-ing**，不受前面主詞是單複數或主被動影響。

例：…, making it harder for teens to focus. ／ …, leaving many students anxious.

④ Not only…but (also) 倒裝句

Not only 放在句首時，主要子句須「助動詞／be 動詞／情態助動詞 + 主詞」倒裝。若原句沒有現成的助動詞，就要多加 do／does／did；就算主詞本身帶有分詞修飾語，助動詞仍不能省略。命題陷阱常出在「忘記倒裝」或「倒裝後動詞忘記還原成原形」。

例：Excessive scrolling wastes time. → *Not only does* excessive scrolling *waste* time, but it also…

⑤ 學測招牌考法：複合長句

學測長句常把①～④疊加在同一句中，一句出現 2～3 個空格。拆解長句時，每遇到一個空格都先問：「這裡前後有沒有可以搭配的主詞，需要用限定動詞嗎？」沒有的話，就必須從 To V / V-ing / p.p. / Adj. 之中，依照邏輯主詞的主動或被動關係選出正確形式。

本練習卷的 Part II（第 9–30 題）即以此為訓練重點。

4-Step Method

拆解長句的四個步驟

1. **找骨幹**：先找出整句的主要主詞與主要動詞，確認哪一段才是「完整的句子」。
2. **標邊界**：用逗號和連接詞把句子切成幾段，判斷每一段是「修飾語」還是「結果／轉折」。

3. **問需不需要限定動詞**：如果空格前後沒有搭配的主詞，就不能選限定動詞形式，只能選 To V / V-ing / p.p. / Adj.。
4. **辨主動或被動**：問「動作的發出者是誰」——是空格所修飾的名詞（或整句話）在「做」這個動作，還是「被」這個動作影響。

Part I · Warm-Up

單一概念暖身　第 1–8 題

每題只測驗一個文法概念，作答前先想一下這一題屬於上頁的哪一個概念（①～④）。

1 不定詞表目的 To V

_____ smartphone addiction among students, several schools have started confiscating phones during class time.

(A) Prevent
(B) Preventing
(C) To prevent
(D) Prevented

2 分詞構句（主動）V-ing

_____ several hours a day scrolling through short videos, many students report shorter attention spans in class.

(A) Spend
(B) Spent
(C) Spending
(D) To spend

3 分詞構句（形容詞）Adj.

_____ about students' shrinking attention spans, several teachers are redesigning their lessons into shorter segments.

(A) Concern
(B) Concerning
(C) Concerned
(D) To concern

4 名詞後位修飾（被動）N + p.p.

Students _____ by constant app notifications often struggle to finish a single task without checking their phones.

(A) distracting
(B) distracted
(C) distract
(D) to distract

5 名詞後位修飾（主動）N + V-ing

Students _____ short-video apps for more than three hours a day are more likely to report difficulty concentrating in class.

(A) use
(B) used
(C) using
(D) to use

6 伴隨結果分詞 , V-ing

The app's autoplay feature keeps recommending new videos automatically, _____ it difficult for users to stop watching.

(A) make
(B) made
(C) making
(D) to make

7 Not only 倒裝

Not only _____ short-video platforms shorten students' attention spans, but they can also disrupt healthy sleep schedules.

(A) short-video platforms can
(B) can short-video platforms
(C) does short-video platforms
(D) short-video platforms does

8 Not only 倒裝

Not only does binge-watching short videos _____ valuable study time, but it also makes it harder to focus on longer tasks.

(A) wastes
(B) wasting
(C) wasted
(D) waste

Part II · Long-Sentence Combo

複合長句　第 9–30 題

每句包含 2～3 個空格，同時測驗多個文法概念的組合，是學測長句閱讀最常見的命題方式。

9 複合長句（多重概念疊加）

_____ about declining attention spans, teachers _____ by the rise of short-video apps are shortening their lecture segments, _____ lessons easier for students to follow.

(A) Concerned / affected / making
(B) Concerning / affecting / made
(C) Concern / affected / make
(D) To concern / affecting / making

10 複合長句（多重概念疊加）

_____ students' shrinking attention spans, schools are introducing short, interactive activities _____ to match modern attention patterns, _____ it easier for students to stay engaged.

(A) Addressing / designing / make
(B) To address / designed / making
(C) Addressed / designed / made
(D) To addressing / design / making

11 複合長句（多重概念疊加）

Not only _____ short-video platforms shorten attention spans, but they can also promote content _____ by algorithms for maximum engagement, _____ users watch far longer than they intended.

(A) can / designed / helping
(B) does / designing / helped
(C) can / designing / help
(D) does / designed / helping

12 複合長句（多重概念疊加）

_____ students focus for longer periods, some teachers are using timers _____ to gradually increase in length as the semester goes on.

(A) To help / designed
(B) Helping / designing
(C) Helped / design
(D) To helping / designed

13 複合長句（多重概念疊加）

_____ about their children's shrinking attention spans, parents _____ apps that track screen time are setting daily limits, _____ family routines calmer in the evenings.

(A) Concerned / using / making
(B) Concerning / used / made
(C) Concern / using / making
(D) Concerned / used / make

14 複合長句（多重概念疊加）

Not only does content _____ by recommendation algorithms keep students scrolling, but it also interrupts their sleep schedules, _____ them tired and less focused the next day at school.

(A) designed / leaving
(B) designing / left
(C) designed / leave
(D) designing / leaving

15 複合長句（多重概念疊加）

_____ recommendation systems to personalize content, apps _____ for maximum engagement can keep students watching for hours, _____ it harder for them to complete homework on time.

(A) Use / designing / made
(B) Used / designed / make
(C) Using / designed / making
(D) To use / design / to make

16 複合長句（多重概念疊加）

Not only do strategies _____ for reducing screen time help students sleep better, _____ them more focused during the school day.

(A) design / leaving
(B) designed / leaving
(C) designed / left
(D) designing / leave

17 複合長句（多重概念疊加）

_____ screen time before bed, health experts recommend that families _____ devices avoid bedrooms altogether, _____ sleep quality noticeably better within a few weeks.

(A) Reduce / using / making
(B) To reduce / using / making
(C) Reducing / used / made
(D) To reducing / use / make

18 複合長句（多重概念疊加）

_____ by mental health professionals, new screen-time guidelines encourage limits _____ around bedtime and mealtimes, _____ it easier for families to reconnect offline.

(A) Developing / setting / made
(B) Developed / set / making
(C) Develop / set / make
(D) To develop / setting / making

19 複合長句（多重概念疊加）

_____ the sleep data collected from student surveys, researchers found that teenagers _____ phones right before bed averaged nearly an hour less sleep, _____ their academic performance noticeably worse.

(A) Analyze / using / made
(B) Analyzed / used / making
(C) Analyzing / using / making
(D) To analyze / use / make

20 複合長句（多重概念疊加）

Not only _____ students using multiple apps at once struggle to retain information, but they can also feel more anxious afterward, _____ it harder to relax once schoolwork is finished.

(A) can / making
(B) does / made
(C) can / made
(D) do / making

21 複合長句（多重概念疊加）

_____ about cyberbullying, several schools _____ by recent incidents are introducing stricter online conduct policies, _____ students safer both on and off campus.

(A) Concerned / affected / making
(B) Concerning / affected / made
(C) Concern / affecting / make
(D) Concerned / affecting / made

22 複合長句（多重概念疊加）

_____ cyberbullying more effectively, the district is training counselors _____ specifically to recognize warning signs online, _____ it possible to intervene before situations escalate.

(A) Addressing / trained / making
(B) To address / trained / making
(C) Addressed / training / made
(D) To addressing / train / make

23 複合長句（多重概念疊加）

Not only does information _____ anonymously online encourage harmful behavior, but it also makes victims feel powerless, _____ many teenagers reluctant to report abuse to adults.

(A) posted / leaving
(B) posting / left
(C) posted / leave
(D) posting / leaving

24 複合長句（多重概念疊加）

_____ influencers who promote unrealistic beauty standards, researchers surveyed thousands of teenagers _____ social media daily, _____ a clear link between frequent use and lower self-esteem.

(A) Study / using / finding
(B) Studying / using / finding
(C) Studied / used / found
(D) To study / use / find

25 複合長句（多重概念疊加）

_____ their children's online activity, more parents are using tracking apps _____ real-time location and browsing history, _____ some teenagers feel that their privacy is being invaded.

(A) To monitor / showing / making
(B) Monitoring / shown / made
(C) Monitored / show / make
(D) To monitoring / showing / made

26 複合長句（多重概念疊加）

Not only does time _____ on online multiplayer games affect students' sleep schedules, but it also reduces time spent on homework, _____ their grades gradually decline.

(A) spent / making
(B) spending / made
(C) spent / make
(D) spending / making

27 複合長句（多重概念疊加）

_____ students reconnect with the outdoors, some schools are organizing weekend hikes _____ specifically for students who spend most of their free time online.

(A) To help / designed
(B) Helping / designing
(C) Helped / design
(D) To helping / designed

28 複合長句（多重概念疊加）

_____ a week-long digital detox challenge, the school tracked results _____ by student volunteers, _____ it clear that even short breaks from social media can improve mood and focus.

(A) Run / collected / making
(B) Running / collected / making
(C) Ran / collecting / made
(D) To run / collecting / make

29 複合長句（多重概念疊加）

Not only _____ notifications designed to grab attention keep students checking their phones constantly, but they can also make it difficult to sit through a full class period, _____ teachers to rethink phone policies in the classroom.

(A) can / leading
(B) does / led
(C) can / led
(D) does / leading

30 複合長句（多重概念疊加）

_____ about the cumulative effects of daily screen time, an international research team _____ by leading universities is tracking thousands of teenagers over five years, _____ the clearest picture yet of how social media shapes the developing teenage brain.

(A) Concerned / backed / creating
(B) Concerning / backing / created
(C) Concern / backed / create
(D) To concern / backing / creating

More High-Frequency Grammar

延伸文法重點：其他常考句構總覽

除了分詞構句家族之外，學測長句還常疊入下列句構，Part III（第 31–50 題）即以此為練習重點。

⑥ 關係子句

限定 vs 非限定用法（逗號決定能不能用 that）；介詞須與關係代名詞一起提前（to which／of which）；關係副詞 where／when／why。分詞構句其實就是關係子句／副詞子句化簡而來，兩者基礎相通。

例：a topic *to which* schools have paid closer attention

⑦ 名詞子句

that／whether／wh- 子句可作主詞、受詞、補語；表「是否」且放主詞位置時只能用 **Whether**，不能用 If；假主詞 It is + p.p./adj. + that 子句 為常見長句開頭句型。

例：*It is found that* teenagers who spend more time outdoors report better mental health.

⑧ 假設語氣

與過去事實相反：If S + had p.p., S + could/would/might have p.p.；可省略 if 倒裝（**Had** S p.p.…）。常與倒裝句一起考。

例：*Had* schools not intervened, screen addiction might have become a bigger problem.

⑨ 倒裝句（其他觸發詞）

否定意味的頻率副詞（seldom／rarely／never）放句首須倒裝；So + 形容詞 放句首也須倒裝（be動詞/助動詞 + 主詞）。判斷關鍵在於該副詞是否帶有「否定」或「強調」語氣。

例：*Seldom do* students realize how much time they spend online.／*So addictive are* some apps that…

⑩ 假主詞／假受詞 It

It is + adj. + to V/that 子句（假主詞，代替後面較長的子句或不定詞）；make/find/consider + it + adj. + to V（假受詞，it 代替後面的不定詞片語，不可省略）。

例：Constant notifications make *it* difficult for students to stay focused.

⑪ 比較句構

the + 比較級, the + 比較級（越…越…，兩句都要加 the）；not so much A as B（與其說是A不如說是B）；no more A than B；倍數表達 twice/three times as…as。

例：*The more* time teenagers spend online, *the worse* they feel about their appearance.

⑫ 時態與語態

since/for 等線索詞觸發現在完成式（進行式強調持續動作）；過去完成式表示「更早發生的事」；使役動詞的被動語態（be made to V）須注意原形動詞在被動後要加 to。

例：Researchers *have been studying* this link since 2015. ／ Students are made *to redo* their work.

⑬ 不定詞 vs 動名詞

remember／forget／stop／try 等動詞，接 to V（尚未做／目的）或 Ving（已做過／正在做）語意不同，須依上下文判斷，是綜合測驗和詞彙題常見的細節誘答。

例：remembered *to finish* the assignment（記得要做，尚未做）vs. stopped *checking* his phone（停止正在做的事）

⑭ 使役動詞／感官動詞

make/have/let + O + 原形動詞（主動）；感官動詞 see/hear/watch + O + 原形/V-ing。變成被動語態後，這些動詞後面都必須加上 to V，是常見的主動被動轉換陷阱。

例：The counselor had the students *complete* a survey.／He was heard *to use* his phone under the blanket.

⑮ 平行結構

對等連接詞（and/but/or）前後的文法結構須一致：形容詞對形容詞、原形動詞對原形動詞。長句和寫作批改中最常抓到的基本功。

例：realistic, sustainable, and *not* overwhelming／manage their time, set boundaries, and *handle* notifications

Part III · Extended Grammar

延伸文法句構　第 31–50 題

涵蓋關係子句、名詞子句、假設語氣、倒裝句、假主詞假受詞、比較句構、時態語態、不定詞動名詞、使役感官動詞與平行結構，共十個常考重點。

31 關係子句

Many students now do their homework using AI chatbots, _____ has sparked debate among teachers about academic integrity.

(A) that　(B) which
(C) who　(D) what

32 關係子句

Digital wellness is a topic _____ many schools have started paying closer attention in recent years.

(A) that　(B) which
(C) to which　(D) where

33 名詞子句

_____ social media does more harm than good is still a matter of ongoing debate among researchers.

(A) That　(B) Whether
(C) If　(D) What

34 名詞子句

_____ that teenagers who spend more time outdoors tend to report better mental health.

(A) It is found　(B) It found
(C) Found　(D) Finding

35 假設語氣

If schools _____ stricter screen-time policies earlier, students might have developed healthier digital habits.

(A) adopt　(B) adopted
(C) had adopted　(D) would adopt

36 假設語氣

_____ schools not intervened, screen addiction among teenagers might have become an even bigger problem.

(A) If
(B) Had
(C) Should
(D) Were

37 倒裝句（其他觸發詞）

_____ do students realize how much time they have spent on their phones until they check their screen-time report.

(A) Seldom
(B) Sometimes
(C) Usually
(D) Always

38 倒裝句（其他觸發詞）

So addictive _____ some apps that users often lose track of time completely.

(A) are some apps
(B) some apps are
(C) is some apps
(D) some apps were

39 假受詞 It

Constant notifications make _____ difficult for students to stay focused during class.

(A) it
(B) that
(C) them
(D) this

40 假主詞 It

_____ increasingly common for teenagers to check their phones within minutes of waking up.

(A) This is
(B) It is
(C) There is
(D) That is

41 比較句構

_____ teenagers spend on social media, _____ they tend to feel about their own appearance.

(A) The more time / the worse
(B) More time / worse
(C) The more time / worse
(D) More / the worse

42 比較句構

The problem with short-video apps is not so much the content itself _____ the addictive design that keeps users scrolling.

(A) as
(B) than
(C) that
(D) but

43 時態與語態

Researchers _____ the link between screen time and sleep quality since 2015, and their findings keep confirming the same pattern.

(A) studied
(B) have been studying
(C) study
(D) were studying

44 時態與語態

Students caught cheating with AI tools are often made _____ their assignments from scratch.

(A) redo
(B) redoing
(C) to redo
(D) redone

45 不定詞 vs 動名詞

After scrolling for another hour, she suddenly remembered _____ the assignment that was due the next morning.

(A) finish
(B) to finish
(C) finishing
(D) finished

46 不定詞 vs 動名詞

He stopped _____ his phone for a moment and looked up to see his little sister waiting for him.

(A) check
(B) to check
(C) checking
(D) checked

47 使役動詞／感官動詞

Their son was often heard _____ his phone under the blanket late at night, even after lights-out.

(A) use
(B) to use
(C) using
(D) used

48 使役動詞／感官動詞

The counselor had the students _____ a short survey about their daily screen habits before the workshop began.

(A) complete
(B) to complete
(C) completing
(D) completed

49 平行結構

A good digital-wellness plan should be realistic, sustainable, and _____ overwhelming for students to follow.

(A) not
(B) no
(C) never
(D) doesn't

50 平行結構

The workshop taught students how to manage their time, set healthy boundaries, and _____ their notifications more mindfully.

(A) handling
(B) handle
(C) to handle
(D) handled
